MRS. T. G. GILMORE SERIOUSLY INJURED; STRUCK BY AUTO

Former Maysville Woman Receives Injuries that May Prove Fatal When Struck by Machine Near Lexington Saturday Evening.

Sunday's Lexington Leader says: Mrs. T. G. Gilmore, of 215 East High street, was taken to the Good Samaritan hospital about 7:30 o'clock Saturday night suffering with a broken left hip, right arm broken in two places, a bad cut over one eye and severe bruises about the head, received when she was accidentally knocked down by an automobile, said to have been driven by young people of Georgetown, while at the intersection of the iron Works and Paris pikes about six miles from Lexington.

Mrs. Gilmore had just alighted from the machine, in which she was riding with Mr. Gilmore, Mr. and Mrs. J. T. Shannon, 209 East High street, came from behind the car and was crossing the road to gather honeysuckle on rock fences when struck by the passing automobile, which was going toward Paris.

The young people in the car stopped, assisted the Shannons in getting Mrs. Gilmore into the car and said they would return with them to the Lexington hospital, but failed to do so. Neither their names nor the automobile license number was learned.

Mr. and Mrs. Shannon with the Gilmores as their guests had driven out the Russell Cave pike to see Man o' War and were turning into the Paris pike homeward bound when they stopped for Mrs. Gilmore to gather the honeysuckle.

Mrs. Gilmore is about sixty years old and because of her advanced age it is feared her injuries are serious.

Mrs. Gilmore's only child, a daughter, Mrs. Roy Roberts, of Harriman, Tenn., with Mr. Roberts, and their young son, were notified of the accident Saturday night. They left Harriman at 11 o'clock and were due in Lexington at 4:35 this morning.

Word from Mr. Gilmore Sunday night was to the effect that physicians attending Mrs. Gilmore had hopes of her recovery.

PRIZE FIGHT.

Tuesday, the Pastime Theater presents the dainty little star Miss Shirley Mason, in a pleasing photo-play "Little Miss Smiles," a detective story filled with thrills and laughter in the climax an exciting prize fight takes place between two top-notchers. A picture for all classes to be shown Tuesday.

ATTENTION, WATER CONSUMERS.

Be sure that you have paid for your sprinkling privilege before you use the hand hose. All water consumers who violate these rules do so at the risk of having their service discontinued. Kindly call at the office and make payment.

MAYSVILLE WATER CO.

Mr. and Mrs. Charles E. Curran have returned from a short visit with friends at Cincinnati.

SIGNS OF THE END OF THE WORLD DISCUSSED

Evangelist Discusses the Many Signs of the Second Coming of the Christ To Earth—Services Monday.

"The Baptism of the Holy Ghost" was the subject of Rev. Howard's talk Sunday afternoon when he gave a doctrinal instruction regarding the experience of baptism. He did not confine his teaching to the Wesleyan doctrine but spoke rather from the Bible and personal experience.

An interesting feature of the opening service in the evening was "The Grumbling Song" rendered by the Cox family.

Evangelist Howard preached on the signs of Christ's coming, taking his text from Matt. 24:3, which is a question of the disciples to Jesus, "Tell us when shall these things be, and what shall be the sign of Thy coming and of the end of the world?"

The Bible abounds with prophecies of Christ's coming. He Himself said He would come back to earth again. In Acts 1:11 the angels also promise the return of Jesus. In the apostle's writings we find many references to the coming of Christ. No one knows when He is coming but we can study the Master's words concerning the signs. The post-millenialists believe that the world is to go on with her church and missionary work until we usher in the golden age and then will be a thousand years of peace before Christ comes but the church would lose her real spirit trying to make nominal Christians and overlooking quality. It is an easy thing to lose Christ. The church must be in conflict with the world and be witnesses for Him. The Master's words oppose the golden age when He says "As it was in the days of Noah so it shall be in the days of the coming of the Lord."

Jesus said: "After the gospel is preached as a witness to all nations then will the end come. We live in a hurry up age and modern inventions are helping to spread the gospel quickly. Another sign is the Jews returning to Palestine. Prophecy is being rapidly fulfilled. There is a Zionist movement among them now, trying to buy back the old commonwealth of Judaea.

In II Timothy 3 we find these words "In the last days perilous times shall come." Statistics show that in 1900 two thousand people committed suicide. Men's hearts also failing them for fear. There will be no permanent peace in this sinful world until the Prince of Peace brings it.

In the last days people will be lovers of pleasure, without natural affection, ever learning what is coming to the knowledge of the true way. Many churches today have a form of godliness but deny the power thereof.

He will not have another destruction of the world by water but by fire. In that day the saints will go to meet Him in the air. Are you ready to meet Him? Christ said "In such an hour as ye think not the Son of Man cometh."

Evangelist Howard expects to deal with such vital subjects as these during this week. Don't fail to hear him.

Mrs. Cox preaches Monday evening. Come and bring your Bibles.

Ledger Service—Efficiency.

REPUBLICANS HAVE GREATLY REDUCED NATION'S EXPENSES

Senatorial Campaign Chairman, in Statement, Tells the Great Saving to the Common People Made by Republican Administration.

Washington, June 25.—Reductions in appropriations, federal taxes and freight rates since the Republican administration came into power were detailed in a statement issued tonight by Senator McCormick of Illinois, Chairman of the Republican Senatorial Campaign Committee.

That the Republican Congress had saved the taxpayers seven billions of dollars compared with "the sum sought to be spent under the Wilson administration during three years," was asserted by Senator McCormick, who added:

"Since Warren Harding took office we have paid nearly a billion dollars of the national debt. We have cut the annual expenditure of the federal government by a billion dollars, or about 25 per cent. per annum. No other government in the world has done anything like it. Neither have any of the state or municipal governments, many of which have increased taxation."

"Since Warren Harding took office the present Congress has reduced the annual aggregate of taxation by about a billion dollars, by some eight hundred million dollars for the current year, and by a billion dollars a year thereafter. We have wiped off the statute books a score or two of nuisance taxes which fell upon everything used by father, mother, sister and son. We have been able to reduce all income taxes so that for every one they are less, for example, than those paid in the British Isles. The additional income tax exemptions have reduced by about a third the tax of the family man with an income of \$5,000 a year or less. We not only have reduced the total sum of federal taxation by about a billion dollars a year, but we have reduced it to such a point that the government of the United States collects from its citizens per capita about one-third as much as does the government of Great Britain."

"Since Warren Harding became President the increase in the value of Liberty bonds, which have gone to par, amounts to about three billion dollars."

WILL ATTEND**BAPTIST ASSEMBLY.**

The regular annual Kentucky State Baptist Assembly will open at Georgetown College, Georgetown, Ky., on Tuesday of this week and quite a number of local Baptists will attend, all of the young people's organizations of the local church being represented. Rev. John A. Davis, pastor of the local church, is one of the directors of the assembly and will deliver an address.

CLIFT-CARR SHOP MOVES**TO PRETTY NEW HOME.**

The Clift-Carr Shop is Monday moving from their home in Market street to the beautiful new home adjoining the Gem theater in Second street. The shop's new home is one of the most attractive store rooms in the city and the front is very beautiful. The location is ideal and we predict a healthy growth in their already large patronage.

REPORTS INCREASE IN ODD FELLOWSHIP.

Governor W. H. Cox is at home from Atlantic City where he attended meetings of prominent committees of the Sovereign Grand Lodge of Odd Fellows, of which he is Grand Treasurer. Mr. Cox reports healthy growth in all branches of Odd Fellowship during the year, especially in the Rebekahs and Encampment branches.

VACATION IN CANADA.

Mrs. Henry E. Pogue and daughter, Miss Katherine, will leave Wednesday morning for Cincinnati, where they will be met by Mr. and Mrs. Thos. L. Pogue and family from there the party will go to Canada for a two month stay.

NOTICE KNIGHTS TEMPLAR.

Regular monthly conclave of Mayville Commandery No. 10, Knights Templar, will be held Monday evening at 7:30 o'clock at the Masonic Temple. All Sir Knights urged to attend.

EDW. M. SMITH, E. C.

C. P. RABY, Recorder.

BURNING RAILROAD TIES**CALL FIRE DEPARTMENT**

A number of blazing railroad ties along the C. & O. near the James H. Hall Plow Factory called out the local fire department Saturday night. No damage was done and the blaze was soon extinguished.

FIVE HUNDRED MORE SIGN POOL CONTRACTS

Million and a Half Pounds Added to Burley Association Pledges During Past Week.

Lexington, Ky., June 26.—More than five hundred growers were added to the signed membership of the Burley Tobacco Growers' Co-operative Association during the past week, not counting the West Virginia and Eastern Ohio territory, in which Manager Clinton Rodes and his staff of workers are said to be making considerable progress in the fact of a determined fight made by warehouse and speculative interests.

More than a million and a half pounds of tobacco are added to the holdings of the Burley Association by the past weeks work. It was said at the office of the Field Service Division, Assistant Chief Williams Collins spent most of the week in the western part of the district, in the counties of Barren, Hart, Larue and Metcalfe, aiding local workers in perfecting campaign organizations.

The belief is steadily growing among members of the association that the sign-up of growers will be so thorough that not enough tobacco will be left to be marketed through the few loose leaf warehouses operating in the burley district to make the business profitable this year. Some counties have an almost unanimous sign-up and in others the amount signed up to the association constitutes about 90 to 95 per cent. of the production.

Leaders of the Association in the various counties of the Burley district are impressing upon members the importance of quality and of care in looking after the growing crop and it is expected that quality, as a result of the carrying out of this policy among the members, will be considerably improved.

Manager Rodes, on a visit to Lexington the past week, conferred with Director of Warehouses Ralph M. Barker and was assured that proper warehousing facilities would be provided for the growers in that section of the Burley district who might join the Burley association. The director in a statement in regard to the general warehouse policy, however, made plain that receiving plants would not be established unless they are necessary for the best interests of the association and that none would be established unless absolutely necessary.

CHAUTAUQUA EQUIPMENT PASSES THROUGH CITY.

The tent and equipment for the Lewis county Chautauqua at Vanceburg passed through Maysville Monday morning by automobile. The headline feature of the Vanceburg chautauqua this year and many other chautauquas in the smaller towns in this section will be Hon. William Jennings Bryan and this great national character is expected to attract record-breaking crowds as he always does whenever he speaks.

C. & O. INDUSTRIAL AGENT TO TALK FACTORY.

The chief industrial agent of the C. & O. Railroad Company will be in Maysville again late Monday afternoon to meet with local bankers and business men to talk over the location of a large artificial leather factory in this city. Those who are in a position to know say that Maysville stands a splendid chance to get this big factory.

DON'T FORGET.

The missionary talks by Mrs. Bernholz, of Korea, at First Presbyterian church Wednesday 3 p. m. and 7:30 p. m. Come and bring your friends.

HENRY FORD ASKED TO SPEAK AT LOCAL CHAUTAUQUA

Great Manufacturer Asked to Fill Vacancy on Local Program—Tickets Go On Sale Monday At Reduced Price.

It was learned Monday that the committee of Leslie H. Arthur Post American Legion in charge of the local Chautauqua which is to be held August 6-13 inclusive, had asked Mr. Henry Ford, the automobile manufacturer, to fill the one vacancy on the local program. No reply has been received from Mr. Ford but the committee is expecting to hear from him at a very early date.

Season tickets for the eight day program have arrived and were placed on sale Monday morning at two dollars each for the entire program. Twelve hundred season tickets have been pledged and these will be distributed to the guarantors this week. When these twelve hundred tickets are sold the price will be increased to \$2.50 per season ticket. None will be sold, however, by the Legion at the advanced price until all of the guarantors' tickets have been disposed of at the lower price.

Indications are that the 1922 Chautauqua will be one of the best ever held in Maysville. As to talent, there has been no better program ever offered. It is well balanced with music, lectures, fun and mirth. Everyone in the Maysville district is going to attend and they are advised to procure their tickets as early as possible.

SUNDAY'S HAND CONCERT HEARD BY LARGE CROWD.

A record-breaking crowd heard the Horseshoe Band's concert Sunday evening. The program was a most delightful one and the little band played every number perfectly. If the Cardinal don't look out this second band will have reached their class. For execution, Sunday night's program was never exceeded here and there was never a larger audience to hear a concert. Little Harry Blythe's cornet solo was a great hit.

NOTICE.

The People's Building Association will open its books for subscriptions to its 56th Series of Stock on July 1st, 1922. A splendid opportunity for saving, with substantial annual dividends, at no cost whatever to the stockholders. See A. G. Sulser, Secretary; W. A. Munzing, Treasurer, or any of the Directors.

MRS. J. J. PERRINE DIED AT HOME MONDAY MORNING

Wife of Squire J. J. Perrine Died at Tuckahoe Home—Funeral to Be Held Wednesday Afternoon.

Mrs. Julia Bradford Perrine, aged 81 years, died at her home in Tuckahoe neighborhood about 8 o'clock Monday morning after an extended illness of complications incident to advanced age.

Mrs. Perrine was a very lovable woman with a large circle of acquaintances and friends. She had been twice married, her first husband being the late Tige Bacon, from which union there was one son, Mr. Charles Bacon of the county. There were no children from the second union. Mrs. J. H. Hutchins, of this city, is a grand daughter.

Mrs. Perrine is survived by her devoted husband as well as the one son and one grand daughter. The funeral will be held Wednesday afternoon at one o'clock and burial will be in the Maysville cemetery.

MRS. JAMES STAGGS DIES.

Mrs. Matt Staggs, wife of James Staggs, prominent resident of the Godard neighborhood, Fleming county, died at her home Monday morning at about 6 o'clock after a long illness. She is survived by her husband and five children. Mrs. Hattie Staggs, of East Second street, is a niece. The arrangements for the funeral have not as yet been made. Mrs. Staggs was the eldest daughter of the late James Easton and has many relatives here.

NORMAL SCHOOL INCREASES IN ENROLLMENT.

The Mason County Normal School continues to daily increase in enrollment and interest. County Superintendent Turnipseed reports a total enrollment of sixty-five Monday morning which is just twenty-five more than was expected when the school was launched.

MRS. SOISTER HELD ON MURDER CHARGE; BOND IS \$15,000.

Mother of Mrs. Dewey Sweet Held By Magistrate to Be Chiefly Responsible For Infant's Death—Girl Mother Released.

Mrs. Nancy Solister, of the Springdale neighborhood, was held by Squire Q. V. Truesdell, of Trinity, in an examining trial held Monday morning, to be chiefly responsible for the death of an infant, the child of her daughter, Mrs. Dewey Sweet, whose body was found sometime ago in a deserted well on a farm near Trinity. The magistrate offered Mrs. Solister bail in the sum of fifteen thousand dollars, which she was unable to give and she was taken to the Lewis county jail at Vanceburg to await the next session of the grand jury.

Mrs. Sweet was also charged with the crime and the magistrate fixed her bond at \$500 which was given and she was released to return to her home with her family. The defendants were represented by Attorney A. D. Cole, of Maysville, while County Attorney Strother, of Vanceburg, was in charge of the prosecution.

The evidence produced at the examining trial was practically the same as has been recited in these columns. Mrs. Sweet, the girl-mother of the babe, charged her mother with wilful neglect which caused the untimely death of the infant. She testified that her mother laid the babe on the rough floor and permitted it to die from a lack of proper attention.

Great interest was taken in the trial in the neighborhood of the Hoop school house where Squire Truesdell held his examination Monday morning. Mrs. Solister, who is charged with willful murder, was returned to Vanceburg Monday afternoon.

CLARENCE MATHEWS Editor and Manager
Entered at the Postoffice, Maysville, Ky., as Second Class Mail Matter
RATES IN ADVANCE: By Carrier or Mail, \$3 per year; \$1.75, Six Months; 40 Cents per Month.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

WHY NOT GIVE THEM SEVERAL PICNICS IN THE PARK?

Did you hear the joyous yells of the City Mission kiddies returning Wednesday afternoon from Beechwood Park where they had spent the whole day on their annual picnic? If you did you know they had a big time.

The majority of these children are sons and daughters of factory workers who live in stuffy flats or cramped houses and have little opportunity to enjoy the big out-of-doors. The dusty streets and narrow alleys are their playgrounds. Maysville has never yet seen the necessity of furnishing the future citizens with a real, properly equipped play ground. The great majority of these children have only this one opportunity in the year to enjoy the beauties of the park or country.

Our City Mission's finances are cramped because of the great material need of the poor of the community. Is there not one, or maybe two, or three, big hearted men in Maysville who would like to invest a few dollars in the happiness of a hundred children for a day? It would not require a large sum to finance a day's picnic at the park. If there are such big hearted men, we are certain that the Mission authorities would be glad to arrange several such picnics as the kiddies enjoyed on Wednesday.

Maysville cares well for the unfortunate kiddies at Christmas time, why not some few make it possible for these same unfortunate kiddies to get several days in the woods at Beechwood during the summer?

THE SALVATION ARMY.

Mr. Charles Mohr, an old newspaper man who for many years was connected with the news department of some of the nation's best newspapers, is spending a few days in Maysville in the interest of the Salvation Army's Home Service Fund and is meeting with much success. The people of Maysville know what the Salvation Army is and what it is doing among the men and women who are down but who the army refuses to count out.

The Home Service Fund especially appeals to the people of the smaller towns as it is maintained for the express purpose of looking after the unfortunate in sections in which the Army does not maintain a hospital or home. By means of this fund many a betrayed girl has been safely returned to the parental home and many an unfortunate child has been given a chance in the world.

Because of the popularity of the Salvation Army during the World War, it appears that many similar organizations have jumped up over night. Many of them may be doing a good work among unfortunate but none are in a position to do the great work that the Salvation Army has been doing thoroughly for many years. These initiators have interfered to some degree with the work that Mr. Mohr is doing but all can rest assured that the Salvation Army will receive every penny of the money contributed through Mr. Mohr aid it is to be hoped that Maysville will contribute liberally for the Salvation Army has contributed liberally to many Maysvillians.

IMPOSTERS SHOULD BE PROSECUTED.

Persons canvassing in Maysville on Wednesday clad in the uniform of the Salvation Army, have been found to be imposters, according to Mr. Charles Mohr, campaign manager of the Army. These imposters have escaped but they should be followed and vigorously prosecuted.

The Salvation Army authorities owe it to their organization and to the people who have liberally supported it for years to do their best to run down such imposters wherever they may be found and make it so very undesirable for them that in the future, unscrupulous persons who are so degraded as to use the garb of a religious and philanthropic organization for their own personal gain, will be afraid of the law's punishment.

Maysville has been visited by scores of these people in the past year and the good people of Maysville have, no doubt, contributed many dollars to the coffers of the "wolves in sheep's clothing." City officials should refuse to grant permits to any claiming to be religious solicitors of funds until they have been very carefully investigated. The police should stop all canvassers who do not present the written permission of the Mayor.

THE NATION'S BIRTHDAY AT HOME.

There should be no reason for any Maysvillian seeking somewhere to spend the Fourth of July this year. There will be plenty doing in Maysville and vicinity and the anniversary of the birth of our great nation will be celebrated in proper style.

Besides a baseball game at the Forest Avenue Park between Mayville and Paris there will be an all day celebration at Beechwood Park under the auspices of the Maysville Boys' Bands. There will be plenty of music by both bands, dancing in the pavilion, bathing and all the other attractions Beautiful Beechwood offers. At night one of the greatest displays of fireworks ever seen in Maysville will be fired at the park.

At Ruggles Campground the annual Old Settlers' Reunion will be held and that Dean of platform lecturers, Colonel George W. Bain, will deliver the chief oration. The Tolleboro band will furnish music and there will be plenty of entertainment.

For several years Maysville people have been seeking entertainment elsewhere on the Fourth of July but this year, there will be plenty at home.

St. Louis Times—Why do not some of the American holders of private loans to Europe propose to discount their claims 50 per cent, for example, instead of asking the taxpayers to throw off 100 per cent?

Boston Transcript—Kansas wants 30,000 men to help harvest wheat, but the news is not likely to arouse much interest on the part of the jobless who are hunting work in the Eastern cities.

WASHINGTON LETTER.

Washington. — "There could be no more appropriate subject for agitation in the South than that of 'Need for More Self-Contained Industry,' upon which one Southern periodical is elaborating," declared the Republican Publicity Association. "For years the South has given most of its attention to production of cotton, to the neglect of many other industries that offer great opportunities. Gradually that section has been developing other lines of production and has gone quite extensively into manufacturing, but has yet far to go before it will be nearly self-contained as it should be. Each community, each section, each nation, should be as nearly self-sustaining and self-reliant as practicable. When each has produced all the raw materials and manufactured goods it can produce, there will still be plenty to be purchased from the outside."

"If the South will get away from the old Democratic idea that it is always best to 'buy where you can buy the cheapest,' and will learn to encourage its own industries and the industries of the nation, there will be more prosperity in the South and over the entire United States. Sending money away to buy goods that can be produced at home is poor business policy. Even if a slightly higher price is paid for the goods produced at home, the purchaser receives an advantage from the fact that the purchase price goes to pay the wages of home people, thus further increasing the demand for home commodities.

"In climate, in soil, in the varied character of its natural resources, no other section of the country is so greatly blessed as the South, but it has been cursed by a political leadership that is unsound upon the fundamental principles of economics. That political leadership keeps itself in power by appealing to prejudices that have had no reason for existence for the past forty years. There is no need to recount the events out of which that prejudice arose. The South now realizes and admits that a severance of the Union would have been a catastrophe. The North realizes and admits that the gross evils incident to 'carpet-bag' government in reconstruction days were unnecessary and would never have been permitted under the wise and sympathetic leadership of a Lincoln. But the conflict between the sections is a matter of history—not of present problem, except so far as politicians use it to divert attention from issues directly affecting the industrial and commercial welfare of the nation.

"Southern statesmen, Washington, Jefferson and Madison, were leaders in the establishment of the American protective tariff system under which American industry thrived. Southern statesmen were also the originators of this ship subsidy plan which prior to 1850 American ocean steamships won a place equal if not superior to that of the steamships under the British flag. A narrow and short-sighted Southern statesmanship has in recent years impaired the industries of the nation in general and of the South in particular. As a result of those changed policies among Southern leaders, this nation has sometimes been far from self-contained in its productive industries and far from self-reliant in its ocean transportation.

"From industrial leaders in every section of the South there has come in recent years an insistent demand for support of the protection policy, but the demand meets little response from political leaders. It will be unfortunate if the industrial interests of the South can make their influence felt in shaping the action of their legislative representatives."

PUREBRED RAMS SCARCE ON FARMS OF KENTUCKY.

Lexington, Ky. — Approximately 80 per cent. of the sheep flocks in Kentucky are headed by grade or scrub rams, according to L. J. Horlacher, in charge of sheep work at the Kentucky Agricultural Experiment station. This condition exists despite the fact that the experience of successful sheep raisers and the results of experiments at the station have shown that purebred rams return 38 to 40 per cent. more profit than do grade or scrub rams, he added.

"In view of these facts, the owners of many flocks in the state can materially increase their profits by taking steps now to obtain purebred rams for the coming breeding season. Such a ram should be active, strong, vigorous and massive with bold features. The greatest amount of service can be obtained from rams that are one to three years old, animals of this age being able to head a flock of 35 ewes without ordinary shearing. Ram lambs should not be used except under exceptional conditions, in which case one lamb should be used for every eight or ten ewes in the flock. Rams that make good flock leaders are symmetrical and evenly developed, are covered with deep, firm flesh, have a dense fleece and stand squarely on straight, strong and short legs.

"The most popular breed of sheep in Kentucky are the Southdowns and Hampshire although a purebred ram of any breed is much better than a scrub. Markets do not criticize white faced lambs to the extent that they did in former years so that rams of white faced breeds, such as the Cheviot and the Dorset, can be used with profit. Indications are that good purebred rams will be scarce this year with the result that early buying should be advised."

AMBUSHERS FIRE ON TELEPHONE LINEMEN.

Grayson, Ky., June 23.—Charles Duvall, Watt King and Vernon Duvall, men for the American Telephone Company, were fired upon from the brush eight miles west of Grayson on Brigg Hill, where they had finished repairing wires cut early this morning.

Shotguns and pistols were used. Many shots struck the dashboard and back of their truck nearby.

Charles Duvall, Klag and Vernon Duvall returned the fire. About thirty shots were fired.

One double-barrel shotgun was found in the brush.

INVESTIGATE MINE KILLINGS.

Herrin, Ill., June 24.—A military board of investigators, headed by Maj. Gen. Milton J. Foreman, arrived here today under instructions from Governor Len Small to investigate the Williamson mine massacre.

The board will investigate thoroughly conditions and report to the governor on whether there is any need for troops to prevent further troubles.

EDITORIAL.

PERSONAL FRIENDSHIP.

WE ARE GREAT BELIEVERS IN FRANKNESS. ADVO-CATES OF FACING EVERY ISSUE WITH OPEN MINDS AND HONEST HEARTS. Neither are we an exception. Maysville folks have, as a rule, always been of this disposition and this has been one of the contributing factors to the upbuilding of our city and its institutions.

OUR MUTUALITY OF INTERESTS HAS BEEN THE INSPIRATION OF THE PAST AND WILL BE OF THE FUTURE. The relations of the Business Men of Maysville and its citizens have been peculiarly interwoven in the work which has already been done towards our city's advancement. But we feel it to be your desire and theirs to have even a better understanding prevail THAT WE ALL MAY LABOR WITH A COMMON PURPOSE AND AN UNITED EFFORT.

WE FEEL THERE IS NO PRICE WHICH CAN BE PUT UPON THE VALUE OF PERSONAL FRIENDSHIP. And whether we are intimately acquainted or not, it is one thing which all of us Maysville people possess for each other in fact that we are all Maysville folks. It is this idea that prompts us to urge a greater allegiance to our community BY A MORE SOLID BACKING OF ITS BUSINESS INTERESTS.

Isn't it worth something to you, friends, to spend your money with Maysville business institutions whose owners are Maysville men and women like yourself? Isn't it satisfying to you to feel that when you hand over your money in exchange for merchandise or service, that you are handing it over to someone who is, at heart, INTERESTED IN YOU AND YOUR EXISTENCE IN THIS COMMUNITY?

Doesn't it make your blood surge a little more rapidly to know that this transaction between individuals is not just a cold, lifeless happening of business but instead is warmed by the knowledge THAT YOU ARE A LOYAL CITIZEN TO THE INTERESTS OF YOUR TOWN; that you are dealing as friend with friend and to the mutual advantage of both yourselves and your community.

Contrast with this if you will the spending or sending of money from Maysville and you will instantly picture a business transaction with strangers WHO CARE NOT NOR CONCERN THEMSELVES WITH YOU OR YOUR FUTURE WELFARE IN THE SLIGHTEST. What happens to you, your family, your dollars or your property is entirely foreign to this transaction. It is a severe, calculating business procedure where both of you stand as strangers with no community interests or aspirations. The dollar you spend is the basis of operation. A sordid business transaction the result.

We want you folks to think about this the next time you make your purchases. The Druggist, the Clothier, the Baker, the Plumber—in fact, every Business Man of every line represented in Maysville—is at your service. And we might add—AS FRIEND TO FRIEND!

Every one of the business firms whose names are appended herewith do business on this basis, folks. And they are only part of the entire number who go to make up the personnel of the Maysville Business District—MEN WHO CONDUCT THEIR BUSINESS ON THIS HEART-TO-HEART PLAN. Notice this in the future.

IRON TO GOLD
WILLIAMSON PRODUCTION

TWO OIL SHOOTERS BLOWN TO ATOMS BY EXPLOSION.

East Liverpool, Ohio, June 23.—Two men, believed to be oil-well shooters, were blown to atoms and three houses in the outskirts of Wellsville were wrecked early today when nitroglycerine being transported by auto exploded.

One of the men is believed to have been from Jewett, Ohio, as on a card found in a piece of clothing was written, "James Kaae, oil shooter, Jewett, Ohio." Pieces of the bodies were

bought in Maysville. It was

picked up a thousand yards from the scene of the explosion.

WRECKERS FIND \$40,000

IN HOUSE AT GALLIPOLIS.

Gallipolis, Ohio, June 22.—Workmen remodeling the residence of Frank Shaw today discovered, between the partitions, gold coins estimated to total \$40,000. They are believed to have been hidden by Mrs. Shaw's grandfather, E. H. Jones, sixty years ago.

One of the men is believed to have

been from Jewett, Ohio, as on a card

found in a piece of clothing was written,

"James Kaae, oil shooter, Jewett,

Ohio." Pieces of the bodies were

picked up a thousand yards from the scene of the explosion.

Tuesday Afternoon at Gem, Evening at Opera House.

New York Letter

by Lucy Jeanne Price

New York.—It takes considerable to surprise New York; especially from womankind. But Miss Lorena Tiecky, twenty-two years old and weighing ninety pounds, accomplished just that when she came in to town the other day and knocked at the door of the Jockey Club, applying for a jockey's license. At the unfeinest club on East Fortieth street, she was refused at first permission even to put in an application for a license. But after she had submitted proof of her prowess on tracks in Oregon, Idaho, Arizona and Washington, the Club thought better of it and the application was received. She has been riding and winning consistently for Charles D. Irwin, owner of a racing string at Cheyenne, and is now out to conquer the East.

not to make them targets for highwaymen are now said to be wondering whether the opposite policy might not be a good idea. It would be difficult for messenger boy not to have the unofficial protection of the hosts of passersby, they argue, all the way, along his route if his calling and responsibility were so clarified. Also it would be difficult for him to become a runaway — unless, of course, he thought to take his coat off before starting to run.

—NY—

"He Who Get Slapped" the Theater Guild production at the Garrick, has a new leading man, in the person of Basil Sydney, the English actor, husband of Doris Keane. He succeeds Richard Bennett who is heading for the coast and summer stock. Mr. Sydney, who is Irish born, has played all his life in England, except for his appearance here in "Romance" with his wife. He came over this year to America and tried out Edward Sheldon's play, "The Lonely Heart" which the Shuberts started off on the road. This closed though. Just in time for the Theater Guild to snap him up for the part of the clown-hero of Andreyev's colorful drama.

—NY—

The sophisticated show scorn of those of us who make the weather a topic of conversation. And yet, after all, what is more important, as an influence on the drift of our lives? I was talking to a girl of the Broadway type the other day — the blase, town-bred, type that thinks life has to be a dizzy whirl in order to be worth while. "What do you think I am doing tonight?" she exclaimed. "I am going rowing in Central Park! Can you imagine anything so juvenile and rural? A new man asked me and I was so surprised at the idea that I accepted, and honestly, I'm looking forward to it. I believe maybe I'd like the

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended than Doan's Kidney Pills. Fifty-thousand benefited people gladly testify in the newspapers of the own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Mayaville sufferer who wants relief from kidney and bladder ills. Here's a Mayaville case. Don't experiment. Use the remedy endorsed by people you know.

E. S. Lee, proprietor grocery store, 322 Market street, says: "I think Doan's Kidney Pills are a fine remedy and gladly recommend them. I use them every now and then when my kidneys get out of order or my back gets to hurting and the yesterdays relieve the trouble. Doan's tone up my system and give me better health generally every time I use them."

Price 60 cents, at all dealers. Don't simply as for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Lee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

'simples pleasures' after all, if I gave myself a chance at them." I agreed with her and I was glad some man had come along who suggested rowing in Central Park instead of jazzing in Central Palace. The next day I ran into her again. "How's the lake?" I asked. "Lake! Say, how could I go on any lake in that downpour? No, we had to change our plans and go to a cabaret, instead. I guess I'll stick to Broadway. Then you don't have to worry about the weather!"

KENTUCKY COLLEGES TO GET AID FROM CAMPAIGN

Presbyterian Million Dollar Educational Campaign Will Furnish Funds

For Kentucky Institutions.

Mr. S. M. Dobyns and F. A. McElroy representing the Christian Education Movement are in Maysville in conference with Rev. Dr. John Barbour, D. D., pastor of the Presbyterian church. Mr. Dobyns stated that under the agreement reached by the joint commission in charge of the Presbyterian movement for Christian education, of which Dr. R. T. Gillespie is chairman, the \$1,000,000 which is to be subscribed by the northern and southern churches will be apportioned as follows: Centre College will receive \$300,000; Kentucky Presbyterian Seminary, \$300,000; Kentucky College for Women, \$200,000; Witherspoon College, \$50,000; Pikeville College, \$50,000, and \$100,000 to be apportioned to Lee's Collegiate Institute; Scott Academy, Sayre School and the Presbyterian orphanage at Anchorage.

S. W. McGill, director of the work, called attention to the scope of this movement. "It will be seen," he said, "that this will cover every branch of our church's educational activity. We have the seminary for training young men for the ministry, the colleges for both men and women, the academy for preparatory work and our mountain schools."

Mr. Clarence Mathews is acting as correspondent for the Maysville church. The campaign is now being launched.

THIRTEEN ESCAPE PINEVILLE JAIL.

Pineville, Ky., June 25. — Thirteen prisoners sawed through two steel doors at the jail here today and marched out past the sleeping jailer. Eleven other prisoners refused to leave.

Posse were organized at once by Jaller James Howard and six men were captured before dark. One of the men at large, for whom Mr. Howard has offered a reward of \$100, is Jim Herrell, sentenced to life imprisonment Thursday for the murder of Roy Sasser. A reward of \$15 has been offered for each of the other prisoners.

RAIL STRIKE SEEKS CERTAIN TO COME.

Chicago, June 26. — Strike of 1,200,000 union railroad employees July 1 appeared certain today as the policy committee of the shop crafts met here to canvass the strike vote.

The strike call will be sent out Saturday, ordering the men to walk out Saturday, according to best available information.

Vote of the 11 railroad union affiliated with the railroad department of the American Federation of Labor has been overwhelmingly in favor of a walk out in preference to acceptance of wage cuts and working rule revision ordered by the United States Railroad Labor Board.

BOGUS FIVE DOLLAR BILL IS DISCOVERED.

Assistant Bookkeeper Anderson of the Farmers & Traders Bank Monday found a bogus five dollar bill in the deposit of Mr. James Hutchinson, Sixth ward grocer. The bill was a one dollar bill which had been raised to the five dollar denomination by clever work. Only one or two places on the bill, which would be noticed only by close examination, disclosed that the bill was bogus. It is understood that quite a number of such bills are in circulation in Maysville and vicinity and several have been found at Covington and Augusta.

ARRESTED FOR LEWIS COUNTY ON DRY CHARGE.

Sheriff C. M. Devore Monday morning arrested Frank Lawson, former Lewis county man now employed as a farm hand on a Mason county farm. The young man was arrested for the Lewis county authorities on a bench warrant charging him with transporting liquor. Lawson will be turned over to the Lewis county authorities and returned to Vanceburg for trial.

INDIAN GRAVE OPENED HALF OF SKUL FOUND.

Vanceburg.—Half of an Indian skull was found by sons of Bas Lewis who dug into an Indian grave on a ridge covered by a large pile of rocks. The grave had been known for more than 100 years, old residents claim.

CARDS WIN FROM JIM PARKS IN THE NINTH INNING

Homer By Bell Scoring Kresser in the Ninth Inning Wins Sunday's Game From Lexington Studebakers For Locals.

The old Cards sure showed 'em the dust Sunday at Devereaux field when they entertained the crowd with a thriller coming to bat in the ninth one run in the rear and battled out a victory after two men were out; home run over the fence with a runner on did the work. It must have been a heart-breaker, with the result reversed the Studebakers would be sharing first place jointly with the Cards and it was Jim Park's first defeat in the league to think nothing of two being down in the ninth and two strikes on a long pipestemmed athlete by the name of Bell as he is referred to in a Lexington account of the game, when he sent the pellet over the center wall.

The Studes took the lead right off the bat on Amato's single; outs by Muth and Devereaux placed them third, when Parks set a bad example to Mr. Bell by sending the ball over the fence in center.

In the third the Cards scored their first on Bell's single and steal of second. On Bosken's grounder a series of misplays to catch Bell at third let him score. The Cards tied the count in fourth, Connolly scoring when Dougherty dropped a fly ball.

Lexington made their final run in the sixth after Park doubled and was sacrificed to third, Kresser failed to cover third on a throw to catch Park and he scored. The biggest runs of the game happened in the ninth as above told.
